

Capital call lines of credit for fund managers

Bold Line Capital — a joint venture between Mission Driven Finance and Community Capital Management — is designed to support emerging fund managers by providing access to capital call lines of credit that address timing frictions and provide operational flexibility.

All assets classes eligible, including VC, PE, real estate, and private credit

Flexible underwriting, streamlined documentation, and low-cost servicing¹

Bold Line provides capital call lines of up to \$10M² to fund managers with assets under management between \$30M and \$150M³. **This helps you to:**

- ✓ **Close time-sensitive deals.** Move on opportunities without waiting on LP cash flow timing, and compete on equal footing with larger funds that already have this infrastructure.
- ✓ **Streamline your capital calls.** Batch LP requests into larger, scheduled amounts rather than frequent smaller ones, freeing you to focus on deals instead of cash management.

Use of Capital	Flexible lines of credit up to \$10M to help streamline deal closing and smooth capital calls		
Borrower characteristics	Fund manager LP or LLC of Fund I through Fund III with \$30M-\$150M+	Based in the US Investing in US companies	Non-institutional LPs and DAFs count toward your borrowing base
Terms	SOFR + 2.75%⁴	12 months, renewable	Commitment fee 1.0% of line amount

¹MDF underwriting allows for non-institutional LPs, increasing accessibility; low-cost refers specifically to legal fees in comparison to other providers. |
