

Mission Driven Finance

Community Finance Fellowship

Info session, Friday, January 24

Welcome to the fellowship info session!

Here are some housekeeping items before we get started:

- If you can't get the audio through your speakers or by VOIP during the session, try dialing in using your phone.
- We have a number of participants on the call, so your phones or microphones will be muted to ensure the best audio quality for everyone.
- To ask a question, raise your hand or type it into the chat box at any time. (This feature is not available for those joining only via phone.) Questions will be addressed at designated intervals.
- **This session is being recorded.** The slides and full recording will be provided to attendees and posted to our website. An email will follow with further instructions.
- If you are unable stay for the whole session, rest assured that these materials will be available to the public on our website shortly after the info session.

- Thank you for joining us!

Who are we?

To build an inclusive economy, we must transform the world of finance

We believe...

Our financial systems, structures, and policies have intentionally and unintentionally **restricted access** to capital and opportunity.

The **lack of diversity** in finance perpetuates unequal access to capital and opportunity. Many communities are overlooked, underestimated, and underinvested.

There is a **disconnect** between the traditional financial sector and cultural wealth.

Our fellowship model...

Builds the internal **capacity** of fellows to analyze, present, approve, and monitor investments.

Establishes **connectivity** with local networks and the investment field at large by incorporating up-to-date research and field trends.

Increases **cultural awareness** within the impact investment field.

So that fellows...

Are **primed for competitive career trajectories** in finance and contribute to the evolution of the field.

Connect overlooked communities with capital from Mission Driven Finance.

Use their lived experiences to inform finance and drive capital into communities.

And we change the...

face of finance

access to finance

understanding of finance

The fellowship model
